GROUND FLOOR

The entrance opens into a spacious dining and family room, which forms the heart of the home. This inviting reception space features a log-burning stove set beneath a timber mantel, together with room for both dining and additional seating furniture. An attractive arched opening connects the room with the separate living room.

Positioned at the front of the property, the living room is a comfortable and well-presented reception space with a wide window overlooking the frontage. There is ample room for sofas and freestanding furniture, while neutral décor and wood-effect flooring create a light and welcoming finish.

The kitchen is arranged in a practical galley-style layout and is fitted with a range of shaker-style wall, base and drawer units, complemented by work surfaces and tiled splash backs. There is a gas hob with an extractor above, an integrated oven and space for further appliances. A doorway continues through to the rear section of the property.

A useful ground-floor WC is fitted with a white suite comprising a WC and wash hand basin.

Completing this level is a versatile study or garden room. Currently arranged to provide both home-working and additional sitting space, the room would also suit use as a snug, hobby room or playroom. French doors open directly onto the garden, creating a pleasant connection between the

internal accommodation and the outdoor seating area.

FIRST FLOOR

wardrobes and additional freestanding furniture.

Bedroom two is positioned at the rear and enjoys an attractive outlook across the garden. The room currently accommodates a double bed and also benefits from a useful built-in storage cupboard.

The family bathroom is finished in a stylish contemporary scheme and fitted with a freestanding roll-top bath incorporating an overhead shower and glazed screen, a WC and a wash hand basin set upon a generous vanity unit. Modern tiling and wood-effect flooring complete the room.

OUTSIDE

To the front, a driveway provides off-road parking, with gated access continuing along the side of the property and into the rear garden.

The rear garden is a particularly appealing feature of the home and has been thoughtfully arranged into several distinct areas. Immediately outside the study is a private slate seating area framed by mature climbing plants, creating an ideal setting for outdoor dining and entertaining.
